

3D LOW POLY KITCHEN MODEL PACK

This pack works great in all low poly environments with its customizability, modularity and compatibility.

To change the colour of certain objects just edit the materials used OR apply new ones on the objects by dragging it to the desired colour.

Have fun in creating your household low-poly!

This pack consists of 31 props:

- 2 cupboards
- 1 stove and oven
- 1 sink & cabinet
- table
- empty corner piece
- 3 cabinets
- ventilation system
- 3 fridges
- 2 chairs
- trash bin
- microwave
- coffee machine
- toaster
- 4 pots & cover
- 2 plates
- 2 cups
- cutting board
- knife & fork

Any questions, ideas and feedback is highly appreciated.
